Red Cross Drive Off To Good Start Here

THE ANNUAL RED CROSS CAMPAIGN FOR FUNDS, WHICH GOT UNDER WAY LAST WEEK, WITH \$10,500 SET AS THE 1949 GOAL FOR THE TOWN OF ARLINGTON, IS ALREADY OFF TO A GOOD START HERE, WITH SEVERAL HUNDRED WORKERS CANVASSING HOUSE-TO-HOUSE FOR THE PURPOSE OF REACHING EVERY CITIZEN AND HOME IN THE TOWN. THE QUOTA FOR THE GREATER BOSTON AREA IS SET AT \$1,250,000.

More than two hundred volunteer workers will be donning their storm boots and setting out this week to solicit contributions for the 1949 Greater Boston Red Cross Drive for \$1,250,000. The campaign will continue throughout the month of March, and all citizens of Arlington are urged to give generously to support the nation's disaster relief agency.

"The American Red Cross is our only Congressionally chartered organization, charged with relief and welfare obligations to this nation that must not be curtailed," so states Chairman McEvoy of the Arlington drive. "The people of New England well remember the thousands upon thousands of dollars the Red Cross poured into the forest-fire ravaged State of Maine in recent months. The importance of the Red Cross blood program also, must not be forgotten nor underestimated."

This appeal to the understanding and the goodwill of the people of Arlington, has never been made in vain. This year it must not be made in vain. One thing alone can be certain about disaster. (Continued on Page Two)

Arlington Pucksters Win Schoolboy Title

Paced by the four-goal surge of Bill Meehan, the Arlington High pucksters won the Massachusetts schoolboy title defeating Framingham 7-0 in the Metropolitan championships at the Arena last Saturday afternoon.

By virtue of their victory, the local sextet will represent Massachusetts in the New England schoolboy championships at Providence next weekend.

The Spy Ponders jumped to a commanding lead early in the first period with two quick goals

by Meehan at the 5 and 11 minute mark, respectively.

Jack Caniff, the latter filling in Eddie Robson, Meehan and for the hospitalized Bill Leary, combined to give Arlington a 5-0 lead in the second stanza putting the game virtually on ice.

Jim Aiken, the Arlington goalie, played one of the best games of his career as he repeatedly turned aside Framingham bids in the final period. Meehan and Harry Wyman concluded the rout both scoring on re-bounds in the early part of the third period.

My Dear Sir:

Please accept my sincere thanks for your generous assistance rendered to me during the recent Town contests for office.

Last but not least, I desire to thank all who supported me and wish to remind them that it would have pleased me to have been able to serve. I am.

Respectfully yours,

Arlington Man Appointed Director Veteran's Services

Secretary of Labor Maurice J. Tobin recently announced the appointment of Charles A. Armour, Director of Veterans' Services, of The Robbins House Massachusetts Ave., Arlington, Mass as a volunteer Veterans' Reemployment Rights Committeeman with the Bureau of Veterans Reemployment Rights under the Selective Service Act of 1948.

Mr. Armour has served as a volunteer Committeeman under the Selective Training and Service Act of 1940 in this area for the past years. Mr. Armour's duties will be to assist the returning veterans in securing a proper reinstatement to their pre-service positions upon request to advise employers of their responsibilities under the

law, and to advise employer, labor, veteran, or other interested groups of the reemployment provisions of the Selective Service Act of 1948.

Mr. Armour will continue to serve veterans of World War II who are seeking their reemployment rights under the Act of 1940. Commenting on this appointment Secretary Tobin paid high tribute to the thousands of volunteer committeemen throughout the country who have been of inestimable assistance to returning servicemen in securing their proper restoration to their former positions.

The new quarters following the best New England tradition in architecture and design, reflect the strength and sturdiness for which this bank has established an enviable reputation throughout this section.

Fred V. Ostergren Memorial Building

The grandstands at Warren A. Peirce Field have a seating capacity of six thousand and at times as many as 9,000 people are present at the field to watch football games. The need of proper sanitary facilities to accommodate spectators at these games is obvious.

The Park and School Boards originally planned to erect a sanitary building only at the field. The recent expansion of facilities at the field will tend to a much more extended use and there are sound and practical reasons for the construction of a field house at this time. Both Boards have therefore proposed to erect a building to include not only public sanitariums but also suitable locker and shower rooms for all High School and Town athletic

teams using the field. All High School outdoor athletic activity will be conducted at Warren A. Peirce Field next year. A baseball diamond will be prepared his Spring and when ready for use the baseball team will then practice and play their games at this field rather than at Spy Pond.

A recent survey of twenty-five cities and towns in the Greater Boston area reveals that twenty of these communities have already provided a field house as a necessary part of their stadium or athletic field. Even when a high school is located next to the field they still have a separate field house for athletics, for they have found by experience that a field House is much more desirable and practical.

Father And Sons Dinner Attracts Large Turnout

More than 200 Arlington fathers were treated to an "evening out" as guests of their sons Tuesday night Feb. 22 at the 6th annual Arlington Boys' Club Father and Son Dinner held in the club house gym on Pond Lane.

The club, which now boasts a record enrollment of 1100 members, offered a fine program of speakers and entertainment, and affair was held generally as the most successful in the history of the organization.

Executive director James H. Sumner, accorded tribute to his staff of assistants, and also urged the guests to "earnestly back the future Community Fund campaign."

"It is this organization," he continued, "that makes the Boys' Club project possible. It enables us to make greater strides in assisting the youth of Arlington."

Guest speaker Henry Lamarr, football and boxing coach at Harvard proved a huge success among the guests and younger generation alike as he recalled some of his more humorous experiences as head coach of Harvard football during the war years. He concluded his talk by reminding the young people that, "anyone of you may attend the college of your choosing whether you have sufficient money or not as long as you work hard in your primary and secondary school education. There are literally thousands of colleges and universities in this country that are assisting the young men of today through the medium of academic scholarships."

Hearing Room Open March 16 For Job Applications

"The drop in the number of available jobs listed at the Cambridge Employment Office of the Division of Employment Security has caused considerable concern," said Manager, Arthur P. McLellan, referring to the intensive efforts to secure employment opportunities for Arlington residents. There are always job opportunities which lack takers because the job and worker do not meet. The opening of the hearing room at the Robbins Town Hall on Wednesday, March 16, by the Board of Selectmen will provide

a local spot to leave requests for workers and to file work applications. The room will be open that day from 9:00 a. m. to 4:00 p. m., as stated in last week's Press. The Employment Office of the Division at 36 Church Street, Harvard Square, KI 7-7757, will welcome worker-orders and applicants at other times.

It is purpose of the Employment Service to resume the placement of part-time workers and domestics. It is thought that a number of local householders are

interested in finding cleaners, laundresses, maids, and men for general home reconditioning. Employment service was restricted to industrial production during the war years and the prosperous times since.

If you are available for part or full time work, or can use an available man or woman for such work, the Board of Selectmen and the Division of Employment Security urge you to contact the group at the Town Hall next Wednesday.

Plan To Start Vets' Project About May 1

Chairman W. Dale Barker, of the Housing Authority, announced last week that the Housing Authority is in hopes to start the actual construction of the veterans' housing project by May 1.

The contract for financial assistance between the State and the local Housing Authority has been signed, the amount of \$1,600,000 and will provide for the erection of 124 family units.

School Committee Opposes Junior High School Addition

At a recent meeting of the School Committee, it was voted that the Committee is not advocating the closing of the Junior High School Centre at this present time, nor is it in favor of building the proposed addition to the school for this year. Superintendent of Schools Clifford R. Hall was therefore instructed to advise the Junior High Centre building committee to that effect.

For these two projects will be requested by the School Committee at the annual town meeting to be held in March. The Junior Centre addition was originally set to be built in 1951 or 1952, according to the long-range planning and programming committee.
